Subject: Hearings on the Bank of Wal-Mart

Dear Ms. Bair,

I wish to relate to you my concern over Wal-Mart's plan to enter the banking field.

Wal-Mart has already destroyed the economies of many communities by forcing most of their local competitors out of business!

The thought of them (Wal-Mart) doing the same to the banking industry is truly frightening!

It seems that they (Wal-Mart) will stop at nothing to gain control over not only the commercial field, but the financial as well.

They have been known to bend the law to suit their purposes, and have even broken the law at times; stooping as low as giving false testimony at hearings!

I respectfully ask you to consider these facts as well as the well founded concern of all of the citizens like myself who are alarmed at the way Wal-Mart trods, rough shod, over the common man in America, not to mention the fact that they are expanding their siege into to other countries!

Someone has to stop these power hungry meglomaniacs before they become too powerful to stop!

Thank you for your time and consideration in this matter!

Sincerely,

Cynthia Genovese
